Website Login Procedures for Downloading Weekly Lessons

To download lessons from our website, each member must have their own user name and password. Follow these steps to download your weekly lessons:

- Go to The Cornerstone website: **www.thecornerstonescripturestudy.org**

- Click on the "Member Login" link found on the top right side of the screen.

- Enter your username or email address to get a login link sent to your email address.

- If you want to enter a username and password, click the button above that says "Login with Password".

- If you are new to Cornerstone, click the "Register" link on the menu at the top of the page. Here you can create your new username and password by completing all the fields. Note: the one-time only *Registration Code* for this year is **Spirit**. Remember to input the security code at the bottom of the form. Click the register button.

- Once you are logged in, you will be on your branch's home page.

- Click the 'Download Lessons' button next to the picture of your branch location or click on the Lessons & Resources icon at the bottom of the page under the 'Resources' section.

- Click on the specific lesson and format. The lessons are available in two formats:
  - Choose "Word" if you have Microsoft Office Word installed on your computer. This format can be saved and edited so you can type in your answers directly into the document and print later.
  - Choose "PDF" if you do not have Microsoft Office Word installed. The format on PDF is not editable without a PDF editor like Adobe Acrobat.

If you have any questions, please send an e-mail to:
